Malang, 2 April 2024

To whom it may concern,

On behalf of Faculty of Agricultural Technology (FAT), Universitas Brawijaya, Indonesia, I am pleased to invite your **undergraduate students** to be visiting students at our Faculty for the period of 29 April – 24 May 2024 (more details on schedule can be seen in flyer attached). During the period, your students will be engaged in a short course program: “**Integrated Agricultural Technologies: Smart Farming, Sustainable Agriculture, Nanotechnology, Bioprocessing, and Biotechnology**”. The program will be held both on-site and virtually. Successful completion of this course is equivalent to 10 credits earning.

In order to participate in our Inbound Student Program, your students will need to fill the google form with the link: <https://s.ub.ac.id/shortcourseappformfatub>. Please also attach the following documents by **8 April 2024** so that we may start the application process:

- Filled application form
- Recommendation letter from Department/Faculty/School/University
- A copy of valid passport (at least 6 months of validity)
- Academic transcript of records
- Valid student ID card
- Valid English proficiency certificate or letter from the home university/supervisor on level of English proficiency

Faculty of Agricultural Technology, Universitas Brawijaya shall provide a free accommodation (food included, 1 twin bed (same sex) shared room), free coursework materials and special excursion program (industrial visit and cultural trip). Furthermore, we will provide a subsidy of 1,000,000 IDR for the flight ticket for each student. Other relevant expenses are subjected to the individual arrangement.

This program is a follow-up activity resulting from international collaboration between Faculty of Agricultural Technology, Universitas Brawijaya and National Pingtung University of Science and Technology (NPUST). I hope that this activity would be able to strengthen our collaboration and I look forward to hosting your students in our campus.

Sincerely yours,

Prof. Yusuf Hendrawan, S.TP., M.App.Life.Sc., Ph.D.
